

TO: Dr. Andrew Leavitt, Chancellor
Dr. Petra Roter, Vice Chancellor of Student Affairs

FROM: University of Wisconsin Oshkosh Segregated Fee Committee

DATE: April 30th, 2015

RE: Recplex Declaration of Intent

It has been brought to the attention of the Segregated Fee Committee that there are lingering concerns regarding the financial and business plan for the Recplex. While the Committee is confident that the Recplex will be financially solvent, it recognizes that if it were not, it could negatively impact the University. Therefore, the Segregated Fee Committee declares its intention to:

1. Continue to take those actions necessary for the successful construction of the Recplex at the University of Wisconsin Oshkosh, and
2. Work to ensure that the Recplex is able to sustain itself financially,
and
3. Provide the funds necessary for the continued operation of the Recplex in the event that the Recplex, after construction, is unable to meet its financial obligations, either in the short- or long-term.

The Segregated Fee Committee remains fully committed to the successful construction of the Recplex at the University of Wisconsin Oshkosh, which was previously approved by the student body via referendum,

Sincerely,

Chase Mitchell, Chair
